

LearnPulse: Free Course Tracking Platform

Unleashing Knowledge, One Heartbeat at a Time

KEY FEATURES OF THE APPLICATION

Unique and Interactive Design

Explore our application's distinctive and engaging design for a visually appealing and user-friendly experience

01

Online Courses Based on Multiple Criteria

Category, Title

02

Points for User Encouragement on the LeaderBoard

Earn recognition and rewards by accumulating points on our Leaderboard, fostering motivation and healthy competition among users.

03

04

Personal Notes and Reviews

Capture your key points effortlessly with our easy-to-use note-taking feature. Post comments and reviews on every course.

Role-based Authentication for User-specific Purposes

User, Student, Teacher

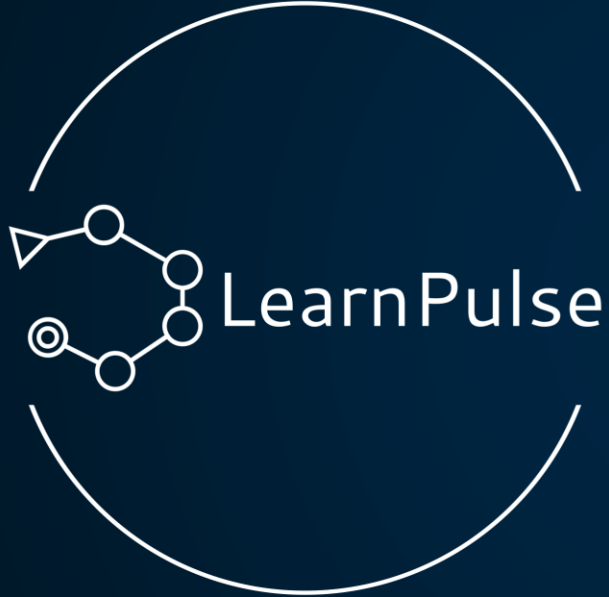

05

Quizzes

Test your knowledge and track your progress with interactive quizzes designed to reinforce learning and enhance engagement.

06

OUR MISSION

We encourage both students and individuals aged 18 and above to enroll in courses to enhance their skills for FREE. Complete courses to accrue points, while teachers can seamlessly upload their courses onto the platform!

WHAT ARE YOU MISSING OUT ON BY NOT USING OUR PRODUCT?

DIVERSE LEARNING OPPOTUNITIES

FUN COMBINED WITH LEARNING

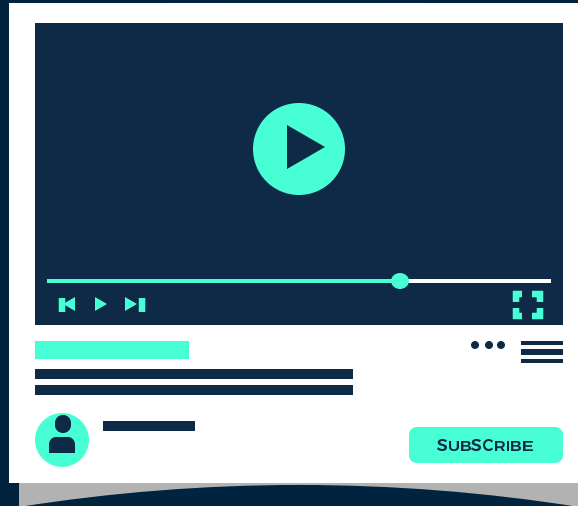

INTEGRATION AND ACCESSIBILITY

ABOUT THE PROJECT

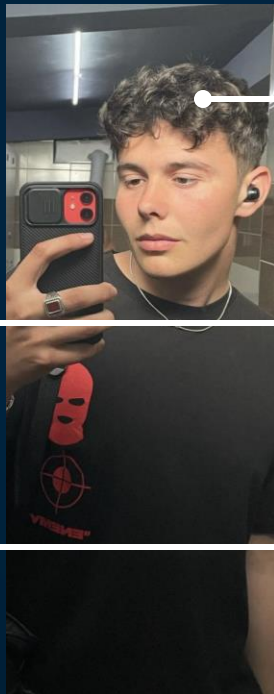

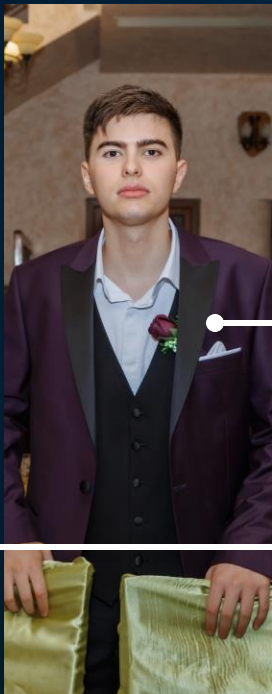

The technologies used are AngularJS and ASP .NET.

A VIDEO IS A GOOD IDEA

Our courses are online with videos and text.
Through this format learners can access content
conveniently.
